Work Management. Built for the enterprise.

FREQUENTLY ASKED QUESTIONS

How many users are supported in each plan?

Our plans support your company and processes. You can purchase any number of licenses within each plan based on your needs. Some plans do have a minimum number of licenses required for purchase. Contact us for more information and we can talk through your specific needs.

Can I add to or change plan after purchasing?

Absolutely. Many customers start in one plan and quickly move to another with more functionality. We recommend starting with the plan that supports all of your needs and then we can grow and expand as necessary.

Does Adobe Workfront service international companies?

We help many international companies with our 24/7 service and support.
